MEMORANDUM FOR: Project Director

SUBJECT : Systems #1 and #3 Recommendations

25X1A

1. Attached hereto is a recommendation from [REDACTED] concerning possible procurement of a nose section of the AQUATONE vehicle for antenna development purposes.

2. This could be a complete metal and fiberglass mock-up and should include simulated internal equipment in the form of metal boxes in place of the various equipments actually occupying the nose space.

[REDACTED]
